ZENTRA X9 5G USER MANUAL

GETTING STARTED

Press and hold the power button on the right side for 3 seconds to turn on the phone. Follow the on-screen setup to connect to Wi-Fi and sign in to your account.

CHARGING

Use the 67 W charger in the box. A full charge from 0 to 100 percent takes about 45 minutes. Do not charge the phone while it is wet.

FACTORY RESET

To erase all data and restore factory settings, open Settings > System > Reset options > Erase all data (factory reset), then confirm with your screen lock PIN. If the phone does not respond, turn it off, then press and hold Power and Volume Down together for 12 seconds to open recovery mode and choose Wipe data. Back up your data first: a factory reset cannot be undone.

SCREEN CARE AND DAMAGE

The display uses toughened glass but can crack if dropped. Do not use a phone with a cracked screen, as glass fragments can cause injury. Report a screen that is cracked on arrival within 48 hours of delivery.

WARRANTY SUPPORT

The phone has a 1 year manufacturer warranty. For warranty service, raise a support ticket in the NovaMart app or visit any NovaMart store with your order number.
